Dear Pete:

The Carbondale Historical Society is prepared to present an illustrated lecture at 7:30 P.M. on February 3, 1983 in Marian Hall on the Delaware and Hudson Canal Company's Gravity Railroad from Carbondale to Honesdale. Mr. Cy Grosvenor, a member of the Society who resides in Elmira, NY, has been asked to share some of his broad knowledge of the Gravity Railroad at this meeting. In addition, several other members of the Society (John V. Buberniak, S. Robert Powell and Robert J. Tomaine) are prepared to participate in this presentation, which will conclude with a screening of the film about the Delaware and Hudson Canal entitled "The Canawler."

Equipment needed for this presentation: a 16-millimeter sound projector, a slide projector, a screen to show the film and slides on, a table for the display of historical artifacts.

Sincerely yours,

S. Robert Powell
